

## Naona Moru Camp

### Overview

'Naona' translates to 'I see' in the Swahili language and has been bestowed on this camp because of its proximity to the prolific Moru Kopjes. Think 'Lion King' and 'Pride Rock'. The location provides an excellent opportunity to dip into the Seronera Valley, explore to the remote eastern plains and meander through the Moru Kopjes. It is here you can stretch your legs, and explore some kopjes areas on foot, accessing traditional Maasai rock art and rock instruments.

With the history of Swahili culture in mind, this camp demonstrates a magical Arabian decor style through wooden furniture, heavy cloths and antique-styled fixtures.
