

CHEETAH
S A F A R I S

Our 4x4 Safari Vehicles

Offering Comfort and Safety.

OUR 4X4 FEATURES

DRIVEN BY EXPERIENCED GUIDES

Knowledge makes the journey richer. Our expert guides who are Silver and Gold level, bring the wilderness to life with deep insights, sharp eyes, and years of experience.

OPEN ROOFS

Our Land Cruisers feature pop up roofs that open wide, giving you uninterrupted views of wildlife and landscapes, perfect for game drives and photography.

ON-BOARD FRIDGE

Stay refreshed. Our built in fridge keeps your drinks cold, so you can sip on something cool while the African sun blazes outside.

RECLINING CHAIRS

Safari meets comfort. Sit back and relax in cushioned, reclining seats designed to keep you at ease during long drives.

LARGE WINDOWS

Every seat is a window seat. Oversized windows mean you'll never miss a moment, from a lion on the prowl to a sunset spilling gold across the savannah.
