

City Of Gold SCENIC AIR SAFARI

The history of Johannesburg and its origins takes us back to the 1880's. With the discovery of gold, prospectors and fortune seekers from around the world flocked to the region, colloquially referred to as the City of Gold.

Our scenic air safari whisks guests across this historic landscape, providing an aerial perspective of the diverse natural and man-made features. Home to a population of approximately 5.9 million people, this is Jozi.
